

HTC-1464T Track Tub Grinder

INDUSTRIAL GRINDERS

THE INDUSTRY'S TOP GRINDING PROFESSIONALS HAVE PROVEN THAT THIS TRACK-MOUNTED GRINDER WITH THE PRODUCTION CAPABILITIES OF A HOGZILLA TC SERIES IS THE MOST PRODUCTIVE AND CONVENIENT MACHINE OF ITS KIND. THIS MONSTER GRINDER IS ENGINEERED FOR PERFORMANCE, BUILT FOR RELIABILITY, AND PROVEN ON THE TOUGHEST JOBS WITH YEARS OF SERVICE.

The HTC-1464T is the top of the line track-mounted tub grinder. By engineering the powertrain and aggressive hammermill of our largest TC Series grinders into a track mounted chassis, maximum production is achieved. The standard 1000 HP Cat engine powers the HUGE TC Series hammermill while providing the efficiency and multiplied torque from the grinding industry's only true torque converter mill drive system. The hydrostatic tracks reduce the amount of support equipment and manpower required to move the grinder while offering the convenience of wireless remote control navigation through difficult job site conditions.

HTC-1464T SPECIFICATIONS

Horsepower	CAT 1000 (Standard)
Torque Converter	1200HP Rated
Hammer-Swing	38"
Feed Opening	36" x 64"
Screen Area	4610 sq. in.
Screen Thickness	1"
Hammer Weight	80 lbs.
Hammer Number	24 - 48
Rod Diameter	3"
Tub Top Width	14'
Belt or Augers	48" or 3 ea. 14" Augers
Elevator	48" x 24'
Trans. Width	11' - 11"
Trans. Length	45'
Total Weight (approx.)	103 - 107,000 lbs.

Specifications subject to change without notice. As improvements are made, actual product offered for sale may vary in design.

Production Rates

(tons per hour)

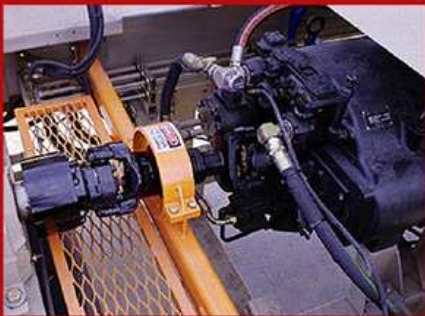

Yardwaste - 150-200

Stumps & Logs - 100-150

Pallet/Construction Waste - 80-120

TORQUE CONVERTER DRIVE

When the load on the hammermill increases, the hydraulic fluid is automatically re-routed against the turbine blades, adding additional reaction torque. The engine is protected by the torque converter fluid absorbing shock loads and torsional vibrations from the hammermill, assuring longer engine life. No other drive offers all of the benefits that a true torque converter provides.

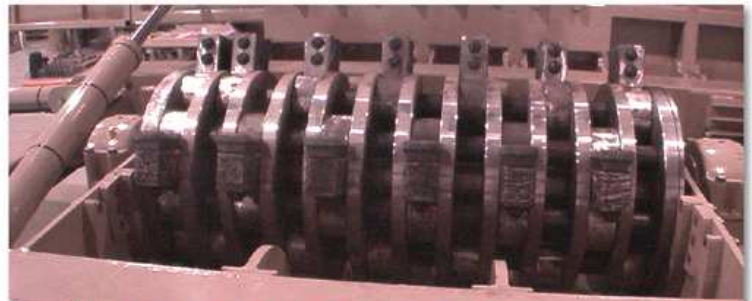

CAT 325L Tracks Standard
CAT 330L Tracks Optional
