CW Mill has been manufacturing top quality electric & diesel powered grinders for over 30 years, and CW's HogZilla brand provides the best diesel and electric powered grinder in the industry. CW Mill continually advances its "Best-Grinder" status, and top professionals who have become fully aware of our machinery prefer HogZilla because of the added efficiency, torque, proven production, reliability, visible quality, durability, and solid value.

We pride ourselves on staying ahead of the customers needs, and a HogZilla is built to have top quality every day standard features that will out-perform the extra-cost upgrade options offered by other manufacturers. In addition to HogZillas amazing standard features, we always help our customers make sure that their HogZilla is built to meet and exceed their own special needs.

HogZilla tub grinders and horizontal grinders are designed and continuously improved to remain a cut above all others. CW now manufactures fourteen standard HogZilla models ranging from mid-sized to MASSIVE including self-propelled track driven and self-loading units.

You owe it to yourself and your organization to contact us. We can show you the way to revolutionize your operation as a private or municipal processor. We can provide you with machinery options that will save you money; you'll wonder why you didn't make the change sooner.
