**PRICE
REDUCED!**

Maneuverability of a HogZilla self-propelled track driven unit is unparalleled in production and mobility, allows for one-man operation (operator can run HogZilla from the loader/excavator cab by remote control) saving money.

HogZilla track grinders have the ability to move through difficult and soft terrain, allows grinding in wet weather, eliminates building roads to get the grinder moved in to a job site, eliminates towing a truck and grinder on the job site, and the operator can position the grinder for maximum production.
