

CW Mill Equipment Co., Inc.

P.O. Box 246, Sabetha, KS 66534 Ph: 785-284-3454 or 800-743-3491 Fax: 785-284-3601

Attention HogZilla Grinder Owners:

Please, review your machine's safety information and safety decals to be sure that your machine's information and decals are up to date.

Your safety information should be dated 2009 or newer and your machine's decals should include the following part numbers.

For Tub Grinders –

(Part numbers that are printed on the decals for identification.)

- **1014155**
- **1001151A1**
- **1001151A2**
- **1001151A3**

For Horizontal End Feed Grinders –

(Part numbers that are printed on the decals for identification.)

- **1014155**
- **1001151A1H**
- **1001151A2H**
- **1001151A3H**

If you do not have the safety information or the safety decals listed above, please, contact CW Mill Equipment immediately with your machine's serial number to receive another copy of the previously issued update free of charge.

Buyers who purchased a pre-owned grinder should have received the original owner's manuals for their grinder from the seller that they purchased the used grinder from, but as an added precaution, pre-owned machine buyers can receive a current copy of the grinder safety section free of charge for their grinder upon request as they register with CW Mill as the new owner.

If you also need other parts, decals, or a complete replacement owner's manual with the operation and maintenance details, contact the grinder parts department.

Be sure to review all safety details & incorporate the information into your processes prior to operation.
