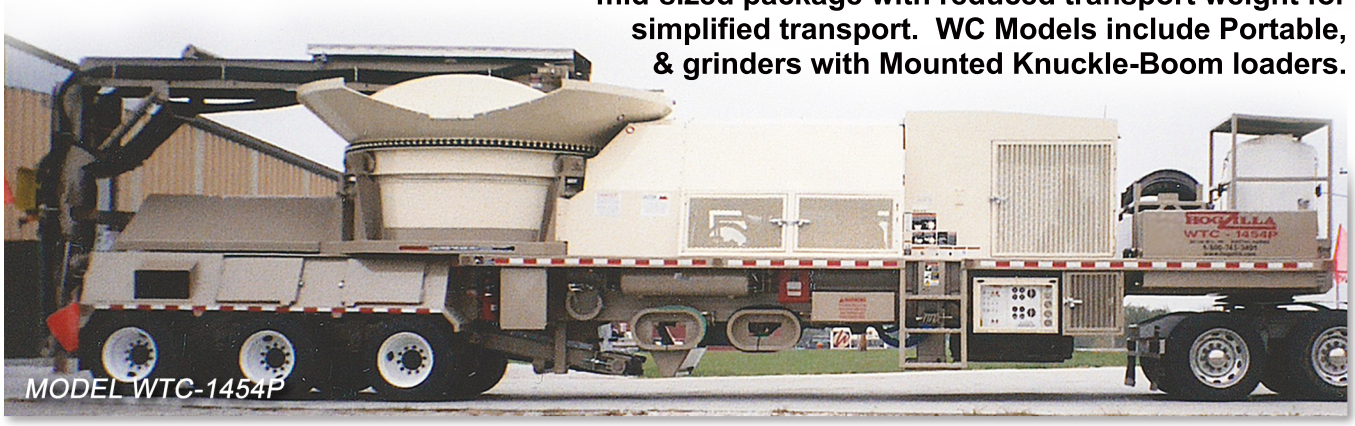
HOGZILLA® MONSTER GRINDERS

TRAILER MOUNTED INDUSTRIAL TUB GRINDERS

The WC Series offers BIG machine power in a smaller mid-sized package with reduced transport weight for simplified transport. WC Models include Portable, & grinders with Mounted Knuckle-Boom loaders.



WC SERIES

The features that make HogZilla the preferred grinder for reliability and productivity are included in this smaller but very capable machine.

The **WC Series** utilizes a Hydraulic **W**et **C**lutch to transfer power from the engine to the hammermill with electronic engagement.

In applications where little support equipment is available, mounted loaders are a wonderful addition to a mobile grinding operation. CW offers a wide variety of choices in mounted loaders to support WC Series grinders.

CWs commitment to providing the best industrial tub grinders carries through to the smaller mid-sized WC series with a slightly shorter length hammermill, but is still more than worthy of being called a **MONSTER** Tub Grinder!

MODEL WTC-1454L

MODEL WTC-1354L

Many Thrown Object Restraint System options are available & can be installed on a new or existing grinder. Installation can be completed at the factory or in the field.

Standard Equipment

- Hydraulic PTO
- Radio Remote Control
- Radiator Precleaner Enclosure
- Engine Enclosure
- Vandalism Lock Package
- Lockable Tool Boxes

Optional Equipment

- Track Drive
- Torque Converter
- Mounted Grapple Loader
- Radial Stacking Elevator
- Custom Thrown Object Restraint
- 5yr/6000hr Engine Warranty
- Bolt-In Tire Grinding Package
- Hydraulic Rod Puller
- 9 HP Auxilary Power Unit Includes:
  - → Air Compressor
  - → Service Hydraulic Pump

Additional options with custom variations available upon request. Some options influence the capabilities, safety, weight, performance, & portability of the machine.
